- 100m² of it are fully recovered and inhabited by the owner
- The other 100m² are being used as storage, however they can be rehabilitated for another house with AL or increase the house already recovered, thus making a single house with 200m²

- Ruin with 214m² (with the possibility of being increased) that, after rehabilitation, can be turned into 7 suites

Outside:

- The entire property is surrounded by a garden & natural park
- The pool area is surrounded by lawn

Current profitability:

- AL (house with 3 suites) generates an annual income of 30,000
- The exploitation and maintenance of eucalyptus groves generates an annual income of 12,000
